### Commentary

### Introduction

Attacq's vision is to be the premier property company in South Africa with its unique value proposition being its Waterfall development pipeline. This financial year was a year in which Attacq revisited its existing strategy, taking cognisance of lessons learned and implementing a revised strategy with a more focused approach. The business model has been simplified, creating the platform for future growth centred on Attacq's four value drivers. Attacq also took the next step in its journey with the announcement of its planned conversion to a REIT. The revised strategy is focused on delivering both sustainable income distributions and capital growth, through the four value drivers. The anticipated REIT conversion is subject to JSE approval and is targeted to be in place for the financial year commencing 1 July 2018. The repositioning to achieve REIT status has commenced with the reduction of debt from the proceeds received from the disposal of its Central and Eastern European investments, including the investment in Stenham European Shopping Centre Fund Limited ("Stenham").

Attacq's value proposition has four key value drivers, namely its:

- 1. Quality South African operational portfolio;
- 2. Strategic investment in MAS;
- 3. Waterfall development portfolio; and
- 4. Rest of Africa retail investments.

### **Performance**

Notwithstanding the disappointing low growth in NAVPS caused mainly by a R243.2 million foreign exchange loss and impairments of R220.0 million relating to the Rest of Africa assets and the Stenham investment, good progress was made in disposing non-core assets and improving gearing levels. Attacq will continue to focus on maximising value creation from the four value drivers to deliver capital and distribution growth.

### Net asset value ("NAV") and NAVPS

Adjusted NAVPS increased by 3.2% from R21.89 to R22.59, and NAVPS increased by 3.2% from R19.23 to R19.84.

### **Quality South African operational portfolio**

### **Overview**

Attacq has a high-quality operational portfolio of retail, commercial and industrial properties with a weighted average lease expiry profile of 6.4 years (2016: 6.7 years). The value of the existing South African operational portfolio increased to R18.1 billion (2016: R17.1 billion), comprising 66.1% (2016: 61.9%) of total gross assets. During the financial year, four newly developed buildings totalling 70 914m² primary gross lettable area ("PGLA") were added to the portfolio whilst eight industrial and one office building were sold.

| Property           | Sector     | Practical completion date | PGLA<br>(m²) | Occupancy<br>% |
|--------------------|------------|---------------------------|--------------|----------------|
| Allandale Building | Office     | August 2016               | 15 359       | >69            |

| Total              |            |                           | 70 914       | >93            |

#### Net rental income

Net rental income, which includes straight-line lease income adjustments, increased by 17.9% to R1.3 billion. A year-on-year comparison of the net rental income is less meaningful, due to the four buildings that were completed during the current year (2016: eight buildings) as well as the inclusion of the Mall's operational results for only two months in the previous financial year. The Mall has created 4 000 permanent jobs and generated an average monthly trading density of R2 564 m² during the financial year, which is exceptional in the first year of trading of a regional mall.

#### Vacancies

Overall portfolio vacancies, measured in terms of PGLA, increased by 4 690 m² when compared with vacancies at 30 June 2016. Subsequent to year-end, 4 431 m² of PGLA was let, reducing vacancies as a percentage of total PGLA to 2.4%. Vacancies that were filled post year-end relate mainly to the Allandale Building, the Mall and Waterfall Corner. The remaining vacancies are mainly attributable to Brooklyn Bridge Office Park, Newtown Junction and The Majestic. Attacq's industrial and hotel properties are fully tenanted.

### Property expenses

Property expenses increased by 47.6% or R239.5 million to R742.3 million mainly due to the inclusion of the Mall's trading activities for a full year as well as the four completed investment properties that were added to the portfolio. Municipal charges of R423.9 million (2016: R323.4 million) are included in property expenses. The adjusted cost-to-income ratio on a gross basis is 35.5% (2016: 34.1%) and 18.9% (2016: 14.6%) on a net basis. The cost-to-income ratios weakened mainly due to increased marketing, cleaning, refurbishment and security costs.

### Restructuring of Eikestad Precinct properties

Attacq entered into a sale agreement with the existing co-owner, Key Capital Property Holdings Proprietary Limited, in terms of which Attacq sold a 20.0% undivided share in Andringa Walk for an amount of R37.0 million. The effective date of the transaction was 1 July 2016. The transaction was concluded to create alignment within the entire Eikestad precinct with Attacq's local partner, as well as to unlock further value from this dominant retail centre in the heart of Stellenbosch.

### **Disposals**

### Waterfall industrial properties - joint venture with Equites Property Fund Limited ("Equites")

Attacq and Equites have established a joint venture, EA Waterfall Logistics JV Proprietary Limited ("EAJV"), in respect of a portfolio of eight industrial properties at Waterfall, effective from 1 July 2016. The following completed industrial properties were transferred on 31 August 2016 into EAJV: Angel Shack, Cummins (50.0% undivided share), Dräger, Hilti, Medtronic, Servest, Stryker and Westcon. Equites subscribed for an 80.0% shareholding in EAJV, for a subscription consideration of R292.7 million. Attacq holds the remaining 20.0% of EAVJ which had an investment value of R91.4 million as at 30 June 2017. This partnership aligns Attacq and Equites, a Cape Town-based industrial property focused company which has strong relationships within the industrial sector.

### Altech Building

The Altech Building, in which Attacq owned a 50.0% undivided share, was sold in June 2017 for a total consideration of R101.0 million.

### Strategic investment in MAS

#### Overview

As at 30 June 2017, Attacq's effective shareholding in MAS was 30.6% down from 41.4% as at 30 June 2016, mainly due to a capital raising undertaken by MAS in which Attacq did not participate. The market value of Attacq's investment, using the 30 June 2017 MAS share price of R23.50 (2016: R20.12) equates to R3.5 billion (R2.9 billion) representing an annual pre-tax capital growth of 18.9%. During the financial year Attacq received a dividend of R105.3 million (2016: R101.2 million), representing a 3.6% income return, based on the 30 June 2016 market value.

Attacq's equity accounted investment at 30 June 2017 is R2.7 billion (2016: R2.7 billion) which is unchanged from the previous year. The flat year-on-year result in Rand terms is a result of a 9.0% strengthening of the Rand against the Euro and MAS paying out total distributions of 4.9 Euro cents during the year, countered by an 8.0% increase in MAS NAVPS from 115.0 Euro cents per share to 125.4 Euro cents per share.

The value of the MAS property portfolio benefited from fair value gains of Euro36.8 million during the year, largely attributed to MAS' New Waverley development located in Edinburgh, Scotland. Phase I of the development, comprising three hotels and 21 retail units, was completed during the year and the 36 000m² Phase II is underway following the securing of a 25-year UK government lease for a 19 000m² office which will introduce 3 500 office users to the node.

MAS' investment joint venture with Prime Kapital acquired three retail properties during the year, namely Nova Park (Gorzów, Poland), Galeria Burgas (Burgas, Bulgaria) and Galeria Stara Zagora (Stara Zagora, Bulgaria), adding a total of 71 400 m² GLA to MAS' property portfolio. The joint venture intends to extract further value from these acquisitions by way of active asset management and/or expansion possibilities.

The Prime Kapital development joint venture has exceeded MAS' initial expectations in terms of development opportunities acquired and secured to date. The venture is now targeting developments in excess of Euro1 billion across the Central and Eastern European region of which Euro665 million thereof has been secured. MAS has increased its commitment to the venture from Euro200 million to up to Euro350 million in order to fund this pipeline.

MAS has proposed paying a dividend of 3.19 Euro cents per share in respect of the six months to 30 June 2017. This would result in a total distribution of 5.9 Euro cents per share in relation to the 2017 financial year, representing a 30.0% increase on the prior year distribution. MAS remains on target to achieve its guidance of 30.0% annual growth in distributions through to 2019.

### Waterfall development portfolio

### Overview

Waterfall's location and ease of access create an attractive value proposition for continued development of a new city in the centre of Gauteng. Attacq has approximately 1.0 million  $m^2$  (2016: 1.3 million  $m^2$ ) of remaining developable bulk in Waterfall. This bulk is ungeared and 608 000  $m^2$  is already serviced and immediately available for the value accretive roll out of commercial, residential and industrial developments.

The Waterfall development portfolio value increased to R3.6 billion (2016: R3.4 billion), comprising 13.0% (2016: 12.2%) of total gross assets. The values below include non-current assets held for sale.

<sup>\*</sup> Estimated PGLA for 100% of development. Subject to change upon final re-measurement post completion.

Attacq's attributable share of the total of 114 761 m<sup>2</sup> PGLA is 100 535 m<sup>2</sup>.

### **Development rights**

Development rights relate to the contractual rights held by Attacq Waterfall Investment Company Proprietary Limited ("AWIC") to develop certain Waterfall land parcels. These rights form a material element of the overall land valuation. In addition to the 1.0 million m² of developable bulk referred to above, Attacq shares in the development rights relating to the two joint ventures with Sanlam Properties, a division of Sanlam Life Insurance Limited ("Sanlam Properties"). As at 30 June 2017 the value of Attacq's interest in these joint ventures was R141.0 million.

A maximum roll-out development period of 12 years was incorporated in the development rights valuation process.

### Infrastructure and services

The reduced value of infrastructure and services is attributable to an allocation of related service costs incurred by developments under construction. Whilst this asset currently generates no cash return, it creates the platform for future economic benefits from top structure developments.

### Waterfall Corporate Campus Office Park - Land Parcel 10B

Attacq and Zenprop Property Holdings Proprietary Limited have established a 50/50 joint venture to develop the Corporate Campus Office Park, with an approximate total development expense of R875.9 million. The Waterfall development comprises six multi-tenanted office buildings with an estimated total PGLA of 34 000 m². The first tenant has been secured and development of phase I (5 840 m² of PGLA) has commenced.

### Mixed-use development with the Barrow Group - Land Parcel 10

Attacq and the Barrow Group have established a 50/50 joint venture to develop The Atria, a mixed-use precinct adjacent to the Mall comprising three office buildings, one residential tower with approximately 120 rental apartments and a hotel. The hotel development will be sold prior to the commencement of construction. The total development expense, for this 37 000 m<sup>2</sup> GLA precinct, is estimated at R981.5 million.

### River Creek - Deloitte corporate consolidation

Attacq and Atterbury Property Holdings Proprietary Limited ("Atterbury") have established a 50/50 joint venture to develop River Creek, a corporate consolidation for Deloitte in Waterfall City. The development on completion will comprise of a PGLA of approximately 42 500 m² allowing for occupation of 3 700 staff. The completion date is the first quarter of 2020 and the estimated development expense is R1.3 billion.

#### Waterfall Point Office Park - Land Parcel 15

Waterfall Point is a P-grade sectional title office park which will be situated opposite Waterfall Corner along the R55 in Waterfall. The office park will consist of four similar office buildings with a total PGLA of 9 584 m². Conditional sale agreements have been entered into for all four buildings. As this office park will be developed for disposal, the cost of R25.3 million assigned to the development has been classified as inventory.

### Disposals

### Waterfall Junction (Land Parcel 3 and 24) - two joint ventures with Sanlam Properties

Attacq disposed of, with an effective date of 1 July 2016, 15 000 m² of its retail development rights on Land Parcel 3 to a separate joint venture company with Sanlam Properties titled Waterfall JVCO 15 Proprietary Limited ("JV15"). JV15 also acquired the remaining retail development rights on the same land parcel from a Mia affiliate company. JV15 is funded by the two shareholders with Attacq's 30 June 2017 investment therein at R34.0 million. Attacq and Sanlam Properties each hold 50.0% in JV15.

Attacq, in addition, has disposed of its development rights in respect of Land Parcel 24, Waterfall, to a new joint venture company, Waterfall JVCO 115 Proprietary Limited ("JV115"). The shareholding in JV115 is 20.0% held by Attacq and 80.0% by Sanlam Properties. Attacq has an option to increase its shareholding in JV115 to 50.0%. As part of the transaction, JV115 acquired additional light industrial development rights from a Mia affiliate company for R371.6 million. JV115 is funded by shareholders loans with Attacq's 30 June 2017 investment at R103.7 million. After conclusion of the transaction, the total development rights in JV115 amount to 656 054 m². The effective date of the transaction was 1 July 2016.

Attacq has been appointed development manager and asset manager for both of these joint ventures.

### Rest of Africa retail investments

#### Overview

The value of Attacq's Rest of Africa retail investments was R1.2 billion (2016: R1.4 billion), comprising 4.5% (2016: 4.9%) of total gross assets. The net reduction over the year was mainly due to Rand appreciation and further impairments.

Attacq's African investments are held via its:

- 25.0% shareholding in Gruppo Investment Nigeria Limited ("Gruppo"), the owner of Ikeja City Mall, located in Lagos, Nigeria;
- 31.8% shareholding in AttAfrica Limited ("AttAfrica"), which is invested in five retail properties in Ghana and Zambia; and
- 25.0% interest in Grove Mall of Namibia Proprietary Limited ("Grove Mall"), owner of The Grove Mall of Namibia.

As at 30 June 2017, the Group's investment into Gruppo totalled R286.5 million (2016: R326.7 million) and its investment in AttAfrica, through its shareholder loan, amounted to R776.2 million (2016: R877.4 million). As a result of the unfavourable trading and economic conditions, impairments totalling R103.5 million (2016: R80.3 million) have been recognised in the current year. Currently Attacq is not receiving distributions from AttAfrica, in light of the unfavourable trading and macro-economic conditions as well as the structure of Attacq's investment in AttAfrica.

In the 2017 financial year, sub-Saharan Africa's economies were characterised by poor economic and operating conditions on the back of weak commodity prices, volatile exchange rates and rising local interest rates. Nigeria in particular experienced significant economic pressures due to continued low global oil prices, a lack of USD liquidity and high inflation. This environment placed severe pressure on tenants and consumers. The second half of the year saw some improvement in macro-economic conditions. Nigeria's USD liquidity improved during the third quarter of the financial year due to rising oil revenues and a more accommodative foreign exchange policy. Zambia's economy benefited from rising copper prices and improved rainfall; whilst in Ghana, improved conditions have allowed for interest rate cuts which will assist consumers going forward.

During the year the construction of Kumasi City Mall located in Kumasi, Ghana, was completed. The mall opened on 20 April 2017.

Management continues to focus on asset management activities in order to optimise net income and value. It is noted that a liquidity event in early 2020 is provided for in the AttAfrica shareholders' agreement giving Attacq an opportunity to realise its investment and redeploy the proceeds.

The value of Attacg's 25.0% shareholding in Grove Mall has increased by 16.2% to R151.3 million (2016: R130.3 million).

At 30 June 2017, the retail properties in which Attacq has an interest together with the vacancy percentages were as follows:

| Property                  | Location          | Owner      | PGLA (m²) | Vacancy % | Attacq's<br>effective<br>interest % |

### Investments in and loans to associates

### Atterbury Serbia B.V. ("Atterbury Serbia")

On 12 August 2016, Attacq invested a further R100.3 million into Atterbury Serbia to part fund Atterbury Serbia's increase in shareholding in BreAtt B.V. ("BreAtt") from 33.0% to 50.0%. Attacq's effective shareholding in BreAtt increased from 8.3% to 12.5% at this time. On 27 January 2017, Attacq invested R23.8 million to fund its share of the purchase price of Borca Shopping Centre, adding a seventh retail property to BreAtt's portfolio, including Serbia's largest mall Ušce Shopping Centre, located in Belgrade.

### Disposal of investments in Atterbury Serbia and Atterbury Cyprus Limited ("Atterbury Cyprus")

Subsequent to the abovementioned transactions and following a strategic review, the Board resolved to reduce Attacq's exposure to international assets by disposing of Atterbury Serbia and Atterbury Cyprus and in turn focus on MAS as Attacq's primary entry point into Europe. As a result, Attacq disposed of its shareholdings and loan accounts in Atterbury Cyprus and Atterbury Serbia to Atterbury Europe B.V. ("Atterbury Europe") for an aggregate consideration of Europ3.0 million, realising R1.4 billion in cash.

### Artisan Development Partners Limited ("ADP")

During the financial year, Attacq invested a total of R118.4 million into ADP for investments into three UK-based development opportunities located in Kent, England and Edinburgh and Glasgow in Scotland. ADP's investment focus is on acquiring properties and land for re-zoning and development. The total investment value at year-end was R134.0 million (2016: R40.6 million)

No further investments will be made into APD taking into account Attacq's strategic focus on MAS as its primary European investment vehicle.

### Other financial assets

Other financial assets comprise mainly of loan accounts provided to Atterbury and the 25.0% partner in the new PwC Tower development.

The Atterbury loan relates to the acquisition of their 20.0% undivided share in the Mall. The amount due by Atterbury in respect of 18.8% of the Mall was settled on completion of the Mall, with the balance of 1.2% to be settled based on the 30 June 2017 fair market value of the Mall, as determined by an external independent valuer. This loan, with a 30 June 2017 outstanding balance of R65.5 million (2016: R62.6 million), has been settled post year-end.

The loan of R243.1 million (2016: R86.1 million) provided to the PwC Tower development partner has similar terms and conditions to the debt raised by AWIC in respect of the PwC Tower development.

#### Non-current assets held for sale

As at 30 June 2017 the following assets were classified as non-current assets held for sale:

#### The Atria development

The Group classified 50.0% of the development rights as well as infrastructure and service costs relating to the mixed-use Atria development as held for sale. The 30 June 2017 value is R50.0 million.

#### Brooklyn Bridge Office Park

Management no longer considers the R553.0 million (2016: R637.0 million) Brooklyn Bridge Office Park to be a core asset, resulting in the active intention to dispose of the asset. The value has decreased substantially, year on year, due to the impact of an anticipated vacancy in May 2018.

### Stenham European Shopping Centre Fund Limited ("Stenham")

The 19.9% interest in Stenham, the owner of the Nova Eventis regional shopping centre in Leipzig, Germany is recognised at a value of R197.7 million (2016: R380.8 million). This investment was included in other investment in the previous financial year.

Following a protracted disposal process, Stenham concluded a conditional agreement to dispose of the intermediary holding company which owns Nova Eventis at net asset value determined with reference to a valuation of Euro208.5 million for the shopping centre. Consequently, included in the results for this financial year, relating to Stenham, is a pre-tax negative fair value adjustment of R116.6 million.

Subsequent to year end, merger clearance from the European Commission and shareholder approval has been obtained, following which the disposal was implemented and more than 95.0% of the expected proceeds of R197.7 million have been received with the balance to follow in October 2017 and July 2018.

### **Borrowings**

Total interest-bearing borrowings net of cash decreased by 8.0%, compared to 30 June 2016 (2016: 30.2% increase compared to 2015) mainly due to a portion of the proceeds (R582.6 million) from the sale of Atterbury Cyprus and Atterbury Serbia being used to reduce debt. Subsequent to year end, the balance of the proceeds amounting to R737.4 million was applied against debt.

Gearing, calculated as total interest-bearing debt less cash on hand as a percentage of total assets, improved from 39.9% as at 30 June 2016 to 37.1% as at 30 June 2017. In order to mitigate interest rate risk, as at 30 June 2017, approximately R10.9 billion (2016: R11.0 billion) or 90.8% (2016: 79.5%) of total committed facilities of R12.0 billion (2016: R13.8 billion) were hedged by way of fixed interest rate loans and interest rate swaps. This is well in excess of the 70.0% minimum interest rate hedging policy set by the Attacq Board. The weighted average cost of funding remained flat over the last 12 months at 9.2% (2016: 9.2%).

Approximately 24.7% or R2.6 billion of the Group's interest-bearing debt is due for repayment over the next 12 months including R330.5 million relating to non-current assets held for sale. An amount of R378.9 million of the R2.6 billion was settled after year end. Funding of R1.6 billion, which is included in the short-term portion, relates to 50.0% of the total senior debt provided to the Attacq Retail Fund Proprietary Limited and Lynnwood Bridge Office Park Proprietary Limited portfolios during May 2015. The maturity date of this funding is May 2018 and in this regard attractive refinance proposals from existing lenders, as well as new lenders looking to establish funding relationships with the Group, have been received. The funding team are finalising allocations in this regard.

### Financial performance

Profit for the year reduced by R784.7 million or 56.7% mainly due to the strengthening of the Rand, reduction in other income and fair value adjustments as well as the once off realisation of the MAS agterskot of R479.8 million in the previous year.

### Other income

Other income reduced from 2016's R448.6 million to R60.5 million due to a stronger Rand and once off disposal profits which were included in 2016. The material decrease is due to the fact that the previous year included unrealised foreign exchange gains of R211.6 million, a R145.0 million profit on the disposal of the interest in Bagaprop Limited and Mall of Mauritius at Bagatelle Limited, a R44.0 million profit on the disposal of MAS shares and a R33.3m profit on the disposal of Attacq's 10.0% shareholding in Atterbury.

### **Commentary** (continued)

### Operating and other expenses

Operating and other expenses consists of operating expenses of R159.6 million (2016: R139.5 million) and other expenses of R426.1 million (2016: R207.8 million).

The material increase in other expenses is primarily attributed to the Stenham impairment of R116.6 million, the AttAfrica impairment of R82.8 million (2016: R58.3 million), a R20.6 million (2016: R22.0 million) impairment on the Ikeja Mall investment and unrealised foreign exchange losses of R162.7 million.

#### Fair value adjustments

Total fair value adjustments for the financial year, which include fair value adjustments on investment properties and marked-to-market movements on the interest rate swaps, reduced by 49.3% to R527.6 million (2016: R1.1 billion).

Compared to the prior year, fair value adjustments on investment properties decreased by 38.1% to R664.5 million (2016: R1.1 billion) and are made up as follows:

|   | 30 June<br>2017<br>R'000 | 30 June<br>2016<br>R'000 |
|---|--------------------------|--------------------------|
| Completed buildings                                   | 536 936                  | 557 949                  |
| Developments under construction                       | 193 133                  | 758 314                  |
| Development rights                                    | (65 544)                 | (230 039)                |
| Land  | _                        | (12 000)                 |
| Total fair value adjustments to investment properties | 664 525                  | 1 074 224                |

The main reason for the year-on-year reduction of fair value adjustment in developments under construction relates to the Mall which was completed during the previous financial year.

Property valuations as at 30 June 2017 are based on external valuations performed by Jones Lang LaSalle Proprietary Limited, Sterling Valuation Specialists and Mills Fitchet Magnus Penny & Wolffs. The Directors have made adjustments for straight-lining and cost to complete.

The valuation in respect of Waterfall's development rights is based on an external valuation performed on a freehold, fully serviced basis. The valuation is then adjusted downward to take into account, inter alia, the costs required to complete the servicing of the development rights and the estimated future rental obligations attached to the development rights.

For the current year a pre-tax loss of R136.9 million (2016: R32.5 million) was recorded on the marked-to-market valuation of the interest rate swap.

### Net income from associates

Net income from associates for the current year includes income of R190.0 million (2016: Loss of R81.6 million) from MAS, income of R20.7 million (2016: R126.1 million) from Atterbury Cyprus and income of R10.9 million (2016: R3.4 million) from Atterbury Serbia.

### **Investment income**

Investment income for the current year reduced by 19.6% to R189.5 million (2016: R235.8 million) from the previous year. Included in investment income is interest income of R189.0 million (2016: R182.9 million) and dividend income of R0.5 million (2016: R52.8 million). Interest income from international investments, via loan accounts, amounted to R134.3 million (2016: R146.5 million).

Excluded from investment income is the MAS dividend received of R105.3 million (2016: R101.2 million), as this dividend is applied to reduce the value of the investment in associate.

#### **Finance costs**

The increase in finance costs of 17.6% to R987.4 million (2016: R840.0 million) compared with the prior year is attributable to the completion of the four buildings (2016: eight buildings) in the financial year, as well as the fact that the Mall was completed in April 2016. Once a property is completed, finance costs post-completion are expensed and no longer capitalised to the specific development.

### **Change in directors**

No changes to the Board have occurred during the financial year. However, effective 1 July 2017, LLS van der Watt resigned from the Board as a Non-Executive Director.

### **Subsequent events**

The Directors are unaware of any matters or circumstances arising subsequent to 30 June 2017 that require any additional disclosure or adjustment to the annual financial statements.

#### Prospects

In South Africa, Attacq has strategically focused on Waterfall, with the objective of developing Waterfall City – an integrated city that works, as well as the Waterfall Logistics Hub – Gauteng's logistic hub of choice. The node continues to grow, with four new buildings completed during the year under review adding 70 914 m<sup>2</sup> of PGLA.

Waterfall is the ideal location for corporate consolidation due to its central location and ease of access to the rest of Gauteng. Tenants who have relocated to Waterfall include Premier Foods, Group Five, Novartis, Massmart, Cummins and Cell C. In addition, PwC will be consolidating in Waterfall on completion of the PwC Tower in early 2018, with Deloitte due to relocate to Waterfall City on completion of the River Creek building in the first quarter of 2020.

The location of Waterfall's Logistic Hub between Johannesburg and Pretoria, with its close proximity to major highways and transport routes, makes it a natural location for distribution centres and other light industrial users. The joint venture with Sanlam Properties has further increased the land available for industrial developments.

As Waterfall City and its surrounds continue to develop, the increasing density will benefit the Mall's trading densities, increasing further value in the years to come.

Outside of Waterfall, Attacq will continue to optimise and extract further value from its South African portfolio of high quality properties, including its portfolio of regional malls. On an international front, Attacq's strategic investment in MAS is expected to provide continual benefit from MAS' revised strategy of focusing on distributable income growth underpinned by its attractive income-generating investments and the development pipeline in Central and Eastern Europe.

Attacq is currently not looking at increasing its investments in the rest of Africa.

Attacq is targeting a maiden dividend payment from its income-producing assets, namely the existing quality operational portfolio and MAS investment, of 73 cents per share for the year ended 30 June 2018 with a 20.0% growth per annum in its distributions for the next three years. The guidance is based on assumptions which include forecast rental income based on contractual terms and anticipated market-related renewals, the expected roll-out of the current and budgeted development portfolio, MAS achieving its distribution targets, the required positioning to become a REIT and that no unforeseen circumstances such as major corporate tenant failures or macro-economic instability. The guidance has not been reviewed or reported on by Attacq's auditors.

### Basis of preparation and accounting policies

The summarised provisional consolidated financial statements for the year ended 30 June 2017 have been prepared in accordance with the requirements of the JSE Listings Requirements applicable to summarised provisional reports and the requirements of the Companies Act, No. 71 of 2008 of South Africa applicable to summarised financial statements. The JSE Listings Requirements require provisional reports to be prepared in accordance with the framework concepts and the measurement and recognition requirements of International Financial Reporting Standards ("IFRS"), the SAICA Financial Reporting Guides as issued by the Accounting Practices Committee and Financial Pronouncements as issued by the Financial Reporting Standards Council, and to also, as a minimum, contain the information required by IAS 34: Interim Financial Reporting.

This report was compiled under the supervision of M Hamman CA (SA), Chief Financial Officer of Attacq.

The accounting policies applied in the preparation of the summarised provisional consolidated financial statements are in terms of IFRS and are consistent with the accounting policies applied in the preparation of the previous consolidated financial statements, with the exception of the adoption of new and revised standards which became effective during the year. These standards did not have any impact on the financial statements.

#### Fair value disclosure

The Group's investment properties were externally valued by independent valuers. In terms of IAS 40: Investment Property and IFRS 7: Financial Instruments: Disclosure, the Group's investment properties are measured at fair value and are categorised as level 3 investments. The valuation of investment properties requires judgement in the determination of future cash flows from leases and an appropriate capitalisation rate which varies between 6.3% and 9.8% (2016: 6.3% and 9.5%). Changes in the capitalisation rate attributable to changes in market conditions can have a significant impact on property valuations. A 50-basis points weakening in the capitalisation rate will decrease the value of investment properties by R640.5 million (2016: R603.3 million). A 50-basis points improvement in the capitalisation rate will increase the value of investment properties by R746.2 million (2016: R690.6 million). Changes in the discount rate attributable to changes in the underlying risk profile associated with the property portfolio can have a significant impact on property valuations. A 50-basis points weakening in the discount rate will decrease the value of investment properties by R557.7 million (2016: R462.8 million). A 50-basis points improvement in the discount rate will increase the value of investment properties by R592.1 million (2016: R480.9 million). In terms of IAS 39: Financial Instruments: Recognition and measurement and IFRS 7, the Group's currency and interest rate derivatives as well as the equity derivative are measured at fair value through profit or loss and are categorised as level 2 investments. Unlisted investments are categorised as level 3. There were no transfers between levels 1, 2 and 3 during the year. The valuation methods applied are consistent with those applied in preparing the previous consolidated financial statements. This announcement does not include the information required pursuant to paragraph 16A(j) of IAS 34. The full set of Annual Financial Statements is available on the issuer's website, at the issuer's registered offices and upon request.

### **Audit report**

The auditor, Deloitte & Touche, has issued its opinion on Attacq's consolidated and separate financial statements for the year ended 30 June 2017. The audit was conducted in accordance with International Standards on Auditing. Deloitte & Touche has issued an unmodified opinion. A copy of the auditor's report together with a copy of the audited consolidated and separate financial statements is available for inspection at the Company's registered office during normal business hours.

These summarised provisional consolidated financial statements have been derived from the Group's consolidated financial statements and are consistent in all material respects with the Group's consolidated financial statements for the year ended 30 June 2017, but is not itself audited. The Directors take full responsibility for the preparation of these summarised provisional consolidated financial results and confirm that the financial information has been correctly extracted from the underlying audited consolidated financial statements. Any reference to future financial information included in this announcement has not been reviewed or reported on by the auditor. Shareholders are advised that, in order to obtain a full understanding of the nature of the auditor's engagement, they should obtain a copy of that report together with the audited consolidated financial statements as at 30 June 2017 from the Company's registered office during normal business hours.
