Anglo American appoints Elisabeth Brinton to the Board

Anglo American plc (“Anglo American”) announces that Elisabeth Brinton will join the Board as a non-executive director, with effect from 1 March 2021.

Elisabeth Brinton is EVP of Global Renewables & Energy Solutions at Royal Dutch Shell plc, having built an international career that has brought together her strategic vision for business transitions with a customer centric approach to technology and product innovation.

Stuart Chambers, Chairman of Anglo American, said: “Elisabeth Brinton’s experience of developing clean energy strategies around the world, with a clear commercial focus on the potential for digital technologies, will bring additional insights to our Board discussions. I look forward to welcoming Elisabeth to Anglo American.”

There are no additional details to disclose under Listing Rule 9.6.13R in respect of the appointment of Elisabeth Brinton.

The Company has a primary listing on the Main Market of the London Stock Exchange and secondary listings on the Johannesburg Stock Exchange, the Botswana Stock Exchange, the Namibia Stock Exchange and the SIX Swiss Exchange.

Anglo American is a leading global mining company and our products are the essential ingredients in almost every aspect of modern life. Our portfolio of world-class competitive operations, development projects and undeveloped resources, provides many of the metals and minerals that enable a cleaner, greener, more sustainable world and that meet the fast growing consumer-driven demands of developed and maturing economies. With our people at the heart of our business, we use innovative practices and the latest technologies to mine, process, move and market our products to our customers – and to discover new resources – safely and sustainably.

As a responsible producer of diamonds (through De Beers), copper, platinum group metals, the steelmaking ingredients of iron ore and metallurgical coal, and nickel – with crop nutrients in development and thermal coal operations planned for divestment – we are committed to being carbon neutral across our operations by 2040. We work together with our business partners and diverse stakeholders to unlock sustainable value from precious natural resources for the benefit of the communities and countries in which we operate, for society as a whole, and for our shareholders. Anglo American is re-imagining mining to improve people's lives.
