Reviewed Interim Results for the Six Months Ending 30 June 2021

LONDON, 23 SEPTEMBER 2021

Gemfields is pleased to announce the Company's financial results for the six months ending 30 June 2021 ("2021 Interim Results"). The content of this short-form announcement is the responsibility of the board of directors of the Company.

Shareholders are advised that this short-form announcement represents a summary of the information contained in the full announcement and does not contain full or complete details of the financial results.

Sean Gilbertson, CEO of Gemfields, commented:

"We are delighted to announce our return to strong operational and financial performance after the Covid-induced horrors of 2020. These results are a testament to the hard work put in by our teams in the first six months of the year, including their textbook re-opening of the world's largest emerald and ruby mines which produced no new gemstone supply for a year given the need to preserve cash in the wake of the pandemic. With the mines back in full-swing, a much-improved cash position and the step-change in market demand we've witnessed in our recent auctions, we are palpably excited about the remainder of 2021."

ADDITIONAL INFORMATION ON GEMFIELDS

Gemfields is a world-leading supplier of responsibly sourced coloured gemstones. Gemfields is the operator and 75% owner of both the Kagem emerald mine in Zambia (believed to be the world's single largest producing emerald mine) and the Montepuez ruby mine in Mozambique (one of the most significant recently discovered ruby deposits in the world). In addition, Gemfields also holds controlling interests in various other gemstone mining and prospecting licenses in Zambia, Mozambique, Ethiopia and Madagascar.

Gemfields' outright ownership of Fabergé - an iconic and prestigious brand of exceptional heritage - enables Gemfields to optimise positioning, perception and consumer awareness of coloured gemstones, advancing the wider group's "mine and market" vision.

Gemfields has developed a proprietary grading system and a pioneering auction and trading platform to provide a consistent supply of coloured gemstones to downstream markets, a key component of Gemfields' business model and has played an important role in the growth of the global coloured gemstone sector.
