## TRADING STATEMENT FOR THE YEAR ENDED 28 FEBRUARY 2022

The Board of Directors is satisfied that a reasonable degree of certainty exists that the Group's financial results for the year ended 28 February 2022 will differ by at least 20% from those reported for the year ended 28 February 2021 ("the prior comparable year") and is therefore able to issue this trading statement in terms of Section 3.4(b)(i) of the Listings Requirements of the JSE Limited.

The impact of the COVID-19 global pandemic ("pandemic") and resultant national lockdowns and trading restrictions have continued to impact the Group's results.

Our performance recovered from the pandemic's worst financial impacts, compared to the prior comparable year.

The prior comparable year's earnings were negatively impacted by a loss from discontinued operations of R1.1 billion (net of tax).

As a result, the reported headline earnings per share (HEPS) (including discontinued operations) is expected to increase between 473% and 555% when compared to the prior comparable year and the reported basic earnings per share (BEPS) (including discontinued operations) is expected to increase between 123% and 128% when compared to the prior comparable year.

HEPS from continuing operations are expected to be within the range of 320 cents to 392 cents and BEPS within the range of 285 cents to 349 cents.

	28 February 2021 Prior comparable earnings Cents	Expected growth %	28 February 2022 Expected earnings Cents
Basic earnings per share - Total operations	(1 237)	123%-128%	285-349
