SUPPLEMENT TO EACH FINAL TERMS FOR EXISTING UBS ACTIVELY MANGED CERTIFICATES
("THE NOTES")

Holder and prospective investors are advised that a supplement to each of the Final Terms for the above list of existing UBS Actively Managed Certificates has been published.

Holder and prospective investors are reminded that effective 01 July 2022, the JSE Listings Requirements (the "Requirements") amendments expanded the current Section 19 (Specialist Securities) to include specific provisions dealing with the listing of Actively Managed Certificates (AMCs).

AMCs which were previously regulated under the Exchange Traded Notes (ETNs) listing requirements will now be regulated under the new requirements and will migrate from the ETN Trading Sector to the new AMC Trading Sector, but within the same Trading Segment ZA06 (Exchange Traded Products).

This is following the amendment of the JSE Listing Requirements relating to Section 19 (Specialist Securities) regarding specific provisions dealing with listing of Actively Managed Certificates. The supplement brings all UBS' existing actively managed certificates in-line with the latest amended JSE Listing Requirements providing increased disclosure for investors.

The supplements are published on each product page on the KeyInvest website, available here: <http://keyinvest-za.ubs.com>

Further important information regarding the current composition (including the respective weights) and the current level of the reference portfolio underlying the notes can be requested free of charge at any time from UBS South Africa at the contact details set out below. This information may be material in relation to the value of the notes and the level of risk which is associated with the notes.
