WESTCON ACQUIRES AWS SOLUTION PROVIDER AND CONSULTANCY REBURA

Datatec, the international Information and Communications Technology (ICT) company, announces that its subsidiary, Westcon-Comstor has acquired Rebura, an award-winning AWS (Amazon Web Services) advanced consulting partner and solution provider.

This acquisition will strengthen Westcon-Comstor's cloud capabilities and channel-focused services offering and enable Westcon-Comstor partners to provide a comprehensive suite of AWS solutions to their customers, encompassing cloud consultancy, migration services, FinOps, AWS Marketplace excellence and security-aligned professional services.

Founded in 2017, London-based Rebura specialises in supporting AWS cloud migrations as well as SaaS and DevOps capabilities across the UK, Nordics and central Europe.

Jens Montanana, Datatec's Chief Executive Officer, commented:

"The acquisition of Rebura with its status as a certified AWS migration services competency partner will significantly bolster Westcon-Comstor's expertise and specialisation in cybersecurity and create a powerful cloud security offering for channel partners."

Terms

The purchase consideration will be settled in cash from existing resources. The acquisition is not a categorisable transaction in terms of the JSE Listings Requirements and is therefore not subject to approval by Datatec shareholders. This announcement is voluntary and for information purposes only.
