DECLARATION OF SPECIAL DIVIDEND

The Board of directors of Life Healthcare ("Board") is pleased to announce the approval and declaration of a gross special cash dividend of **600 cents** per ordinary share ("Special Dividend"). This Special Dividend, payable from income reserves, is the distribution of the net proceeds received following the disposal of the Group's interest in Alliance Medical Group (the "Transaction") which has unlocked significant value for Life Healthcare shareholders ("Shareholders").

In considering the distribution, the Board evaluated both the quantum in relation to the net proceeds received and the most efficient form of distribution.

- The gross amount received from the Transaction was £845.9 million and from this international debt of £382.6 million was settled, and transaction related costs of £28.4 million paid. The balance of R10.2 billion was repaid to the South African holding company after settling hedging costs of R112 million. The Company is retaining R1.4 billion to fund a part of the acquisition of the renal businesses of Fresenius Medical Care in southern Africa and to support Life Molecular Imaging growth opportunities.
- This special dividend equates a distribution of R8.8 billion, which is higher than the distribution of R8.4 billion included in the circular, as the Board decided to increase the net proceeds distributed to Shareholders.
- In determining the amount, and mechanism, of the distribution to Shareholders, the Board took into consideration the proposed amount retained for earmarked growth opportunities, Shareholders' preferences with regards to special dividends versus share buybacks and market conditions. The Board determined that the payment of a special dividend was preferable in that it could be implemented quickly without exposing the Company, or Shareholders, to equity market volatility.
- Following the distribution the Group's gearing will be c. 0.8x net debt to EBITDA. The Group believes that this is an acceptable level of gearing in the current macro environment.

This Special Dividend is subject to approval by the South African Reserve Bank ("SARB") before it can be paid ("the Condition"). A further announcement will be released once the Condition has been fulfilled.

The Special Dividend will be subject to South African dividend withholding tax at a rate of 20%. This will result in a net dividend of 480 cents per share for those Shareholders who are subject to dividend withholding tax or who are not subject to a reduced rate in terms of any applicable agreement for the avoidance of double taxation between South Africa and such Shareholders' country of residence.

The Company's total number of issued ordinary shares is 1 467 349 162 as at the date of declaration of the Special Dividend. The Company's income tax reference number is 9387/307/15/1.

Shareholders' attention is drawn to the following preliminary salient dates regarding the Special Dividend – assuming timely approval by SARB is received by 22 March 2024:
