Completion of Block Trade of 436,851,457 Ordinary Shares in ITC Limited

Further to our announcement on 12 March 2024, BAT PLC ("BAT or the "Group") has completed the block trade of 436,851,457 ordinary shares (the "Block Trade Shares") in ITC Limited ("ITC") to institutional investors by way of an accelerated bookbuild process (the "Block Trade"). The Block Trade Shares represent c.3.5 per cent of ITC's issued ordinary share capital.

Net proceeds from the Block Trade amount to INR 166.9bn (approximately £1.5bn at current exchange rates). As indicated in our announcement made on 12 March 2024, BAT intends to use the net proceeds to buy back BAT shares over a period ending December 2025, starting with £700m in 2024. This will enable the allocation of operating cashflow to fund investment in our transformation, continue to deleverage towards our new target range of 2-2.5x adjusted net debt / adjusted EBITDA, while also maintaining a progressive dividend and supporting a sustainable share buyback.

About BAT

BAT is a leading, multi-category consumer goods business. Our purpose is to create A Better Tomorrow™ by Building a Smokeless World. This commitment is demonstrated by our ambition to generate 50% of our revenue from non-combustible products by 2035.

The company continues to be clear that combustible cigarettes pose serious health risks, and the only way to avoid these risks is not to start or to quit. To help Build a Smokeless World, BAT encourages those who would otherwise continue to smoke to switch completely to scientifically-substantiated alternatives.

BAT aims to have 50 million consumers of its non-combustible products by 2030 and to generate £5 billion of New Categories revenue by 2025. BAT has a range of Sustainability targets, including a 50% reduction in Scope 1 and 2 GHG emissions and a 50% reduction in Scope 3 GHG emissions by 2030 (vs 2020 baseline), and 100% of packaging to be reusable, recyclable or compostable by 2025.

BAT employs over 46,000 people and, in 2023, the BAT Group generated revenue of £27.28 billion, with an adjusted profit from operations of £12.46 billion.

The company's Strategic Portfolio is made up of its global cigarette brands and a growing range of nicotine and smokeless tobacco products. These include our Vapour brand Vuse; our Heated Product brand glo; and Velo our Modern Oral (nicotine pouch) brand. These New Category products have delivered more than £3 billion in annual revenue since their introduction a decade ago.

We currently have 24 million consumers of non-combustible products, the revenue from which accounted for 16.5% of Group revenue in 2023.

* Based on the weight of evidence and assuming a complete switch from cigarette smoking. These products are not risk free and are addictive.

† Our vapour product Vuse (including Alto, Solo, Ciro and Vibe), and certain products, including Velo, Grizzly, Kodiak, and Camel Snus, which are sold in the U.S., are subject to FDA regulation and no reduced-risk claims will be made as to these products without agency clearance.
