Kumba statement regarding Anglo American announcement

Shareholders are referred to the announcement made by Anglo American plc ("Anglo American") today, 14 May 2024, regarding Anglo American's plans to implement a number of portfolio changes following completion of its asset review initiated during 2023, which includes plans to divest or demerge certain of its businesses.

The announcement confirms that Kumba will continue to form part of the Anglo American group, given the proposed transformation of the Anglo American portfolio which is designed to focus on world-class assets in copper, premium iron ore and crop nutrients.

A copy of the announcement by Anglo American rejecting the BHP proposal can be accessed on the Anglo American website at: <https://www.angloamerican.com/>

Anglo American is a leading global mining company, and our products are the essential ingredients in almost every aspect of modern life. Our portfolio of world-class competitive operations, with a broad range of future development options, provides many of the future-enabling metals and minerals for a cleaner, greener, more sustainable world and that meet the fast growing every day demands of billions of consumers. With our people at the heart of our business, we use innovative practices and the latest technologies to discover new resources and to mine, process, move and market our products to our customers – safely and sustainably.

As a responsible producer of copper, nickel, platinum group metals, diamonds (through De Beers), and premium quality iron ore and steelmaking coal – with crop nutrients in development – we are committed to being carbon neutral across our operations by 2040. More broadly, our Sustainable Mining Plan commits us to a series of stretching goals to ensure we work towards a healthy environment, creating thriving communities and building trust as a corporate leader. We work together with our business partners and diverse stakeholders to unlock enduring value from precious natural resources for the benefit of the communities and countries in which we operate, for society as a whole, and for our shareholders. Anglo American is re-imagining mining to improve people’s lives.
