TRADING STATEMENT

GPI is currently finalising its results for the year ended 30 June 2024, which will be published on or about 23 September 2024.

In terms of the JSE Limited Listings Requirements, a listed company is required to publish a trading statement as soon as it becomes reasonably certain that the financial results for the period to be reported on next will differ by 20% or more from the financial results for the previous corresponding period.

The Company hereby advises that a reasonable degree of certainty exists that for the year ended 30 June 2024:

- headline earnings per share for the Group will be between 18.94 cents and 19.46 cents, representing an improvement of between 640% and 660% compared to the headline earnings per share for the group of 2.56 cents reported for the year ended 30 June 2023; and
- earnings per share for the Group will be between 16.79 cents and 17.49 cents, representing an improvement of between 574% and 594% compared to the loss per share for the Group of 3.54 cents reported for the year ended 30 June 2023.

The considerable improvement in the earnings per share and headline earnings per share for the current reporting period is mainly due to the reduction of the costs of the restructuring transactions associated with exit of the non-core investments of the Group in the prior year.

The financial information on which this trading statement is based has not been reviewed or reported on by the auditor of the Company.
